Camp Endres!

Welcome to Camp Endres

Welcome! We are so glad you are considering becoming part of the **Camp Endres** family. Whether you are new to our camp or you are becoming a regular part of the scenery, Camp Endres is here to ignite the flame of your camping spirit.

This resident camping adventure, *exclusively for children and teens with diabetes, is unique in Oklahoma.* While helping kids and teens have fun in a safe setting, a dedicated team of health professionals provide valuable assistance and guidance to meet individual needs.

Both **Camp Endres Senior** and **Camp Endres Junior** are divided into "med teams." Each team consists of:

- 1-2 cabin groups (5-8 campers per cabin assigned by age and gender; as many as 10-12 in the older group)
- two medical counselors and an assigned physician, Certified Diabetes Educator and/or a nurse, and a dietitian

The med team staff is directly responsible for the routine and diabetes care of the campers assigned to them. The team staff **meet with campers a minimum of four times per day**, during meals and before bed. Should campers or counselors require medical or psychological attention at any time, the infirmary is fully staffed 24 hours per day.

Cabin and Camp Activity: Throughout the week, cabin groups rotate through various fun and rewarding activities and education sessions. These activities are designed to inspire and challenge each camper.

Camp Endres Junior activities include boating, swimming, archery and other target sports, arts and crafts, fishing, rocketry, horseback riding, wall climbing and more!

Camp Endres Senior activities include archery, arts and crafts, paddle-boating, fishing, and activity field trips to various places.

Each evening Camp Endres hosts a special all camp event or activity such as **Capture the Flag**, **Movie Night**, **The Dance**,

Campfire sing along, Talent Show, Camper Awards and much more!

Camper Goals

Camp Endres is structured to provide campers *excellent activities* as well as *excellent medical care and supervision*. The goals for all Diabetes Solutions camping programs are to:

- Increase campers' **knowledge** of diabetes by providing a healthy and mentally stimulating education program in combination with recreational fun.
- Improve campers' diabetes management **problem solving skills** and abilities through hands on activities.
- Increase campers' **self esteem, confidence** and facilitate **increased independence** by offering opportunity to meet others with diabetes and shared life experiences.
- Promote appropriate **emotional and physical growth** and development of campers that will continue long after the camp experience ends.

Camp Endres Location

Camp Endres **Senior** is held at the Central Christian Camp & Conference Center just outside Guthrie, Oklahoma. The camp, established in 1955, is a year-round camp, conference, retreat and program center. Located just 20 miles north of Oklahoma City and 2 miles east of I-35, **exit 151**. Don't miss our private and spectacular **4th of July** fireworks show as well as a new evening of **Laser Tag**. Also, Camp Endres will venture **off-site for GREAT adventures!**

Camp Endres **Junior** is held at the YMCA Camp Classen. Established in 1941, Camp Classen is located in the scenic **Arbuckle mountains** of south-central Oklahoma. YMCA Camp Classen is beautiful. The camp site is approximately 75 miles south of Oklahoma City. **Exit 51** near Davis, the **Arbuckle Wilderness and Turner Falls**. Camp Classen hosts a mountain setting complete with historic horse ranch, lakes, waterfalls, rock-walls and miles of hiking trails.

How can you help?

Please consider making a donation to **DSOK**. Your donation will help us continue our mission to improve the lives of people with diabetes.

Safety First!

Diabetes Solutions believes the safety and wellness of our campers is our highest priority. Both Camp Endres sessions are held at camping programs and sites that are accredited by the **American Camping Association**. Camping programs with ACA accreditation meet the highest established guidelines related to program quality and the health and safety of campers and staff. These camp sites **meet or exceed** industry-accepted and government-recognized standards.

In 2011, a new relationship was formed. DSOK is partnering with the **American Diabetes Association**. With this agreement, DSOK is providing medical care, through licensed volunteer medical staff, that is consistent with the ADA standards in the "Diabetes Care at Diabetes Camps" Position Statement.

Camp Endres Senior June 29 - July 5, 2014

Camp Endres Junior July 27 - August 2, 2014

Questions

Diabetes Solutions of Oklahoma is a non-profit organization.

Our mission is to **improve the lives of people with diabetes in Oklahoma** and to reduce the incidence of diabetes and its complications through education and behavioral research.
